

WASHINGTON METROPOLITAN AREA TRANSIT COMMISSION

WASHINGTON, DC

ORDER NO. 4905

IN THE MATTER OF:

Served August 5, 1996

SAFE TRANSPORTATION, INC. --)
Investigation of Violation of)
the Compact, Article XI, Section)
5(a), and Regulation No. 62)

Case No. MP-96-15

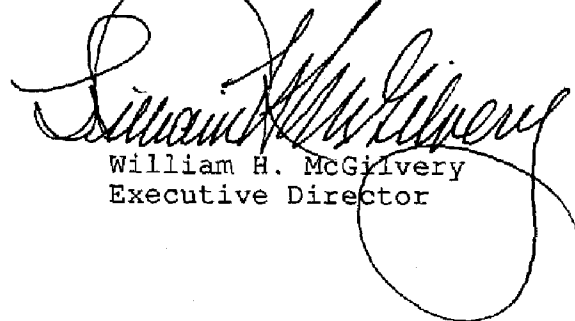

In Order No. 4849, served May 17, 1996, respondent was directed to cease and desist from transporting passengers in two vehicles which failed inspection by Commission staff. Respondent was further directed to present the vehicles for reinspection on or before May 31.

One of the vehicles passed inspection on May 29, 1996. The other was involved in an accident on May 27, 1996, while parked and could not be presented for inspection. The deadline for inspection of the damaged vehicle, therefore, was extended to July 30 by Order No. 4884, served June 26, 1996.

Respondent now requests a further extension until September 30 because the damaged vehicle still has not been repaired or disposed of. The request for extension will be granted. No further extensions will be approved.

THEREFORE, IT IS ORDERED that respondent is hereby directed to comply with the requirements of Order No. 4849 on or before September 30, 1996.

FOR THE COMMISSION:

William H. McGilvery
Executive Director
